PROFILE

A Marketing Management graduate from the University of Johannesburg with a practical foundation in brand support, campaign planning, market research, consumer behaviour, and retail merchandising. I bring initiative, clear communication, and a willingness to learn to every team.

WORK EXPERIENCE

Project Manager & Co-Founder

1 Year Contract

School2gether · EdTech project

Conceptualised and led the development of a South African education technology platform connecting learners, tutors, and parents.

- + Conducted market research and competitor analysis across the South African EdTech sector
- + Developed the marketing strategy, including objectives, target segments, pricing, and promotions
- + Designed the app concept, user experience flows, and functional framework with accessibility as a core principle
- + Pitched the business to potential investors and education sector partners
